

## Allergy and Immunizations Clinic

402-232-2273, ext. 3441 or 402-294-7310

Immunizations are available on a walk-in basis 0730-1600. Immunizations are provided for any DEERS-eligible patients. A schedule for pediatric immunizations is available in the clinic. TB tests are administered on Monday – Wednesday and Friday on a walk-in basis. Readings for TB tests are done 48-72 hours after the injection on a walk-in basis.

Staff members provide diagnosis, care and treatment of allergic and immune disorders. The clinic will accept Allergy referrals from MTF and network providers. Allergy shots are given to patients who are being followed regularly by an Allergist. Allergy injections are given on Mondays and Wednesdays from 0730-1600 and on Thursdays from 0730-1100.
